MOTORCYCLE EXPO 2018

2018 has arrived and that means Motorcycle Expo is upon us! We will be attending this year as usual on Stand B28. This will be our 23rd year exhibiting at Expo.

Motorcycle Expo is once again being held at Stoneleigh Park Exhibition Centre, Kenilworth, Warwickshire from the 14th-16th January running from 9:30am - 5:00pm on both Sunday & Monday and 9:30am - 4:00pm on Tuesday.

Motorcycle Expo is one of the highlights of the year for us at Catalyst & we are very much looking forward to seeing you all.

PLATINUM UPDATES

Platinum Online and Platinum Mobile Activity Managers:

The "Activity Manager" options in both Platinum Online and Platinum Mobile now optionally allow your technicians to see all jobs rather than just those to which they have been allocated in the schedule. This could be useful if your technicians jump between jobs depending on time constraints and other variables.

This new behaviour is turned off by default and is controlled by a new system setting "Show only jobs allocated to the technician". Additionally you can also set whether previous and/or future jobs should be shown within the "Show jobs scheduled x days before today" and "Show jobs scheduled x days after today" system settings.

Platinum Online Image Managers:

It is now possible to select multiple images to upload in all of the "Image Managers" in Platinum Online. This saves you time when adding images as you do not have to press "Add" and locate the image each time.

The Power of Mobile

We all have power in our pockets. Smart phones are very sophisticated devices so why not make more use of them with Platinum?

Platinum Mobile is specifically designed and scaled for these handy pocket devices and allows you to do so much.

Take pictures of stock, perform stock takes, capture vehicle check sheet information, log on and off work, view dashboards & reports.

The list of Platinum Mobile functions is continuously growing so why not dip in and try it? Platinum Mobile is completely free on the first device so there's not even any cost involved.

You don't even need exotic or even particularly reliable internet access as our new smart connection routine makes everything simple.

If you want just a bit more than a smartphone as you use mobile a lot then why not use any tablet or even get a ruggedized waterproof and drop resistant one with built in barcode scanner for less than you'd imagine.

For information just get in touch with either our support or sales departments.
