

CATALYST
A Constellation Software Company

Accept Customer Payments with ease thanks to our **Payment Integration with Clover**

Catalyst have partnered with Clover UK, a leader in payment solutions, to provide our customers with reliable, secure and fast card transactions directly in Platinum. This integration delivers more than just a standalone terminal offering and improves operations for more seamless transactions.

Our Payment Integration lets you:

Improve Sales Transactions

Speed up the sales process by interacting with the machine to send the transaction total and offer e-signature options.

Reduce Keying Errors

Reduce the potential of an error when manually entering the details into the card machine.

Meet Compliance Expectations

Protect your business and stay secure with Payment Card Industry Data Security Standard (PCI DSS) Level 1 Compliant Gateway.

Save Time

Seamlessly integrates into Platinum payment screens and reduces time needed to reconcile accounts.

Enhance E-Commerce Capabilities

Clover provide E-Commerce solutions that range from a simple payments page that can be connected to your website, through to sophisticated e-commerce solutions.

Take 'Card Not Present' Transactions

Give your customers the freedom to choose how to pay - in person or remotely.
