Platinum 4.5.3 Release Notes

Features

Version	Area	Category	Description	
4.5.3	Catpay	Updates	The Catpay service has now been enabled to self-update. Allowing users to have a seamless experience when we release new updates for that module.	15462
4.5.3	Gift Cards	Sales Receipt	The last 4 digits of the Gift Card will be shown on the sales receipt.	15506
4.5.3	Gift Cards	Gift Receipt	The Gift Card number will now appear on the Gift Card receipt.	15518
4.5.2.1	Loyalty	Loyalty Points	Addressed an issue where deposits and Loyalty points were not being deducted from the balance to pay.	15520
4.5.2	Internal use	Licensing	Fixed an internal issue on post code licences not being applied after 250 sites.	15497
4.5.1*	Point of Sale	Project	We have released a new Gift Card functionality in partnership with LoyLap, enabling users to take full advantage of the Gift Card API for seamless integration and management.	15350
2.14.6*	Check Sheets	Enhancement	The Check Sheet printouts and previews have been refined for a cleaner, more consistent appearance. Unintended or misplaced boxes have also been removed.	15453

2.14.6	Check Sheets	Bug Fix	Fixed a visual display issue affecting iPad users when accessing Enhanced Check Sheets. The interface now displays correctly across all supported devices.	15466
4.5*	Yamaha DSR	Enhancement	Service Codes, VIN Lookup, and Service Parts information are now available directly within the Yamaha DSR, providing quicker access to key data and improving overall efficiency when managing Yamaha related tasks.	15138
2.14.5*	Unit Sales Online	Enhancement	Customer signatures and document media can now be captured directly within Unit Sales Online. Any images taken will automatically appear against the related order in desktop Platinum, ensuring all records are stored together for easy reference.	15057
2.14.5*	Technician Activity	Enhancement	The technician job notes field has been expanded to display the full job story at a glance. A convenient scroll bar has also been added for mobile users, making it easier to view and navigate longer entries.	15202
2.14.5*	Unit Sales Online	Enhancement	It is now possible to allocate extras and accessories to any unit within a multi-unit order, offering greater flexibility when managing linked sales.	15190
4.5	Unit Sales	Bug Fix	Resolved an issue where the cursor position was incorrect when transferring from Purchase Ordering to Unit Purchase Ordering.	14775
4.5	Unit Sales	Bug Fix	Fixed an issue causing an "Invalid File Name" error when accessing Unit Documents from Unit Enquiries or Prospect Unit Interests.	15472
2.14.5	Unit Sales Online	Bug Fix	Resolved an issue where Platinum Online would freeze when making multiple changes to a unit order or quote.	15200

4.5	Workshop	Bug Fix	Fixed an issue where Automatic Keeper creation allowed exiting the process without actually creating the account.	15418
2.14.5	Unit Sales Online	Bug Fix	Resolved an issue causing unit description duplications when handling multiple units.	15203
2.14.5	Technician Activity	Bug Fix	Fixed an error that occurred when removing a non-stock item from technician activity.	15161
